Transportation Standards

Transportation standard applies to conventional and specialized public transportation providers that operates solely in Ontario. This includes conventional transportation such as transit buses, motor coaches, and rail-based transportation and specialized transportation services for people with disabilities. It also applies to other transportation services provided by public school boards, hospitals, colleges, universities, municipalities and certain ferries.

This standard does not apply to ADESA Auctions Canada Corporation (the “Company”) and its subsidiaries and affiliates.

Built Environment Standards

When the standard comes into place, the Company will ensure that facilities incorporate the standards for barrier-free design as existing spaces are renovated and/or new spaces are obtained.
